

2006

Inspiring people
with HIV/AIDS to live well

Our House
Swan House

Neighborhood Housing
& Care Program (NHCP)

FROM THE EXECUTIVE DIRECTOR

This has been a remarkable year for Our House, not only because we have a beautiful new facility, but also because we have matured and grown. Our incredibly competent staff members are serving more people than ever before and are truly implementing our vision of "Inspiring people with HIV/AIDS to live well". Although we serve more people now than we ever have, there are still many people who are waiting to be able to enter one of our three programs - Our House (24-hour specialized nursing care), Swan House (Adult Foster Care) and the Neighborhood Housing and Care Program (interdisciplinary care at the client's home).

This last year was also the height of the capital campaign. Thanks to all of you who contributed money and in-kind materials and services, we were able to move into the new building without having to borrow any money, and have additional commitments to help keep our facility operating. It is a good feeling to know we have paid for our new building.

We are also very appreciative of our dedicated volunteers and community partners who help the staff of our organization succeed in providing such exceptional care to the residents and clients that we serve.

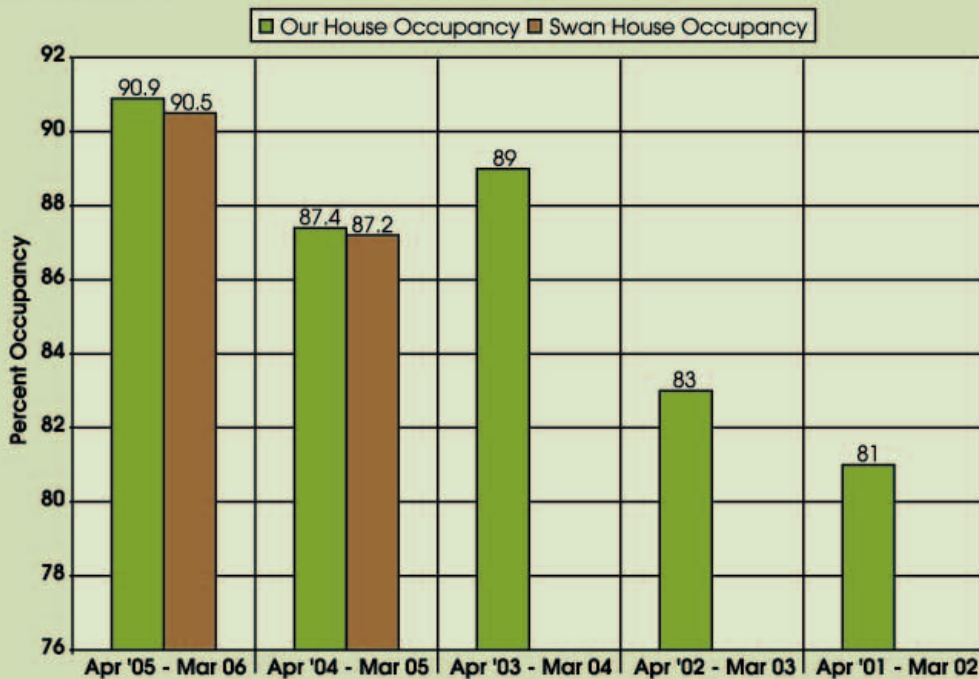

Thanks so much to all of the staff, board, volunteers and others who have made this year an amazing experience for me and for Our House.

Wayne
